Work Experiences 6m

Research Trainee

Yashoda Hybrid seeds pvt ltd

Oct'24 - Mar'25 6m
Hinganghat

1. Conducted detailed phenotypic and agronomic evaluations of hybrid seed lines to assess vigor, uniformity, and yield potential under field conditions.
2. Assisted in the controlled pollination and hybridization processes, ensuring genetic purity and optimizing parental line performance.
3. Maintained precise records of experimental trials and conducted statistical analysis to interpret key agronomic traits and hybrid performance metrics.
4. Collaborated with plant breeders and agronomists to enhance hybrid seed production protocols, contributing to scalable and cost-effective field practices.
5. Supported data-driven decision-making by synthesizing research findings into technical reports and presentations for senior research staff.
