WORK EXPERIENCE

ADVANTA ENTERPRISES LIMITED MACHERLA LOCATION ANDHRA PRADESH

- I Have worked as Production Trainee in Hybrid Maize Seed Production in Rabi season from October 2024 to May 2025
- I have handled 600 acres and gained hands on experience in hybrid maize seed production
- Responsibilities including field selections that is selecting fields that are isolation free from commercial maize crop by doing field surveys and convincing farmers to sow seed
- Guiding field staff about staggering's between male and female crops for effective nicking for good seed set and spacing between seed to seed for good cob size
- Planned male crops in borders of all fields especially where there is threat of isolation
- Planning and execution of seed sowing on time and ensuring farmer doing all necessary sprayings (herbicides, fungicides, pesticides, growth promoters in prescribed dosages)
- Observing the deficiency symptoms of vegetative crops and recommending essential micro and macro nutrients sprays
- Making sure that the irrigation will be given to the fields at the required times
- Planning of labour and instructing them to de tassel only female rows in all passes
- Performed activities like silk husking where there is silk balling to prevent seed loss, leaf clipping for availability of pollen, tapping of shedding tassels
- Planning of male chopping at 100-105 days of crop age
- Planning labour for harvesting at 120 days at 30%moisture for effective drying and seed quality
