## **EDUCATION :**

### **MASTERS IN AGRICULTURE ( 2023-2025)**

**BIDHAN CHANDRA KRISHI VISHWAVIDYALE, MOHANPUR , NADIA - 741252, WEST BENGAL**

FIELD OF SPECIALIZATION : SEED SCIENCE AND TECHNOLOGY

THESIS : INFLUENCE OF SEED PRIMING WITH BIOSTIMULANT ON GROWTH AND YIELD OF MAIZE (*Zea mays* L.) IN ALLUVIAL ZONE .

SCORED AN OGP OF 8.9

### **BACHELORS IN HORTICULTURE (2019-2023)**

**SHER E KASHMIR AGRICULTURAL SCIENCES AND TECHNOLOGY, SHAMILMAR, SRINAGAR , JK ,190025**

## **PROFFESIONAL SUMMARY**

Offering solid foundation in agricultural sciences and eagerness to learn and grow within seed industry. Brings fundamental understanding of plant biology and soil health, paired with practical skills in seed sorting and germination processes. Ready to use and develop analytical and hands-on skills in research and development in seed industry

## **SKILLS**

- Organic farming
- Data collection
- Microsoft office
- Greenhouse operations
- Crop management
- Post-harvest handling
- Collaborative leadership
- Microsoft excel

## **WORK HISTORY**

### **Fund raiser, TEAM EVEREST**

Remote| DECEMBER 2021 – JANUARY 2020|

- Planned and implemented fundraising events.
- Offered excellent customer service to donors and sponsors to enhance relationships and increase funding.

[Type here]

- Raised significant funds by developing and executing effective fundraising campaigns.
- Developed impactful fundraising strategies to maximize donations and meet fundraising goals.

### **RURAL HORTICULTURAL WORK EXPERIENCE:**

OCTOBER 2022- APRIL 2023

- Maintained cleanliness of work area, contributing to organized environment.
- Collaborated with local farmers to increase the contact farmers.
- Participated in training sessions to improve skill set and knowledge.
- Established strong working relationships with local farmers through excellent communication skills, fostering long-term partnerships built on trust.
- Did the agricultural survey of the areas.
- Performed accurate plant identification and assessment to ensure suitable choices for specific environmental conditions.
- Supported community outreach initiatives such as horticulture workshops, garden tours, and educational events to promote sustainable gardening practices.

### **EXPERIENTIAL LEARNING**

[FOOD SCIENCE TECHNOLOGY] COMMERCIAL VEGETABLE PRODUCTION]

[APRIL 2023 -AUG 2023]

- Calculated prices of ingredients to monitor food costs and control expenses.
- Did cost analysis of the produce and made a huge profit from the produce.
- Made jelly, jams , marmalades , tomato ketchup , mushroom pickle , garlic scape pickle.
- Implemented quality control measures to maintain high standards of food safety and freshness.
- Analysed sales data to identify trends and areas for improvement in the food and beverage department's performance metrics.
- Produced tomato and capsicum for commercial purpose.
- Managed the farm from sowing till harvest.
- Harvested the crop and marketed it .

### **CERTIFICATIONS :**

- **Elocution Certificate On Topic :**

ENERGY AND AGRICULTURAL CHALLENGES IN 21ST CENTURY.

- **Workshop Certificate for MILLET MAHOTSAV**

A 3 DAY PROGRAM ORGANIZED BY SKUAST-K AND AGRICULTURAL GROUP ON IMPORTANCE OF THE MILLET .

- **Inter Agriculture University Speech Competition:**

PRESENTED BY **MAHARANA PRATAP UNIVERSITY OF AGRICULTURE AND TECHNOLOGY** , HELD ON 23 JANUARY 2022 ON THE OCASSION OF NETAJI SUBASH CHANDRA BOSE JAYANTI.

- **EDITOR**

Editor of chapter entitled "Fruit Processing and Value Addition" of published book entitled "Diverse Insights of Fruit Science Volume 1" having ISBN No. 978-81-967238-9-7 published with Stella International Publication.

## **HOBBIES**

**Gardening :** I have a cozy, informal-style garden at home with a mix of greenery. I've planted trees like apricot tree which I have pruned and successfully grafted besides that I planted a deodar tree to give my garden a slight effect of the forest in kashmir which aids to the natural charm. In the backyard, I have a small kitchen garden where I grow seasonal vegetables organically and sustainably .

**Journaling :** I started journaling because sometimes I need to figure out what I truly want and how I can achieve it. Writing things down makes my thoughts and feelings more clear, and seeing them on paper helps me understand them better.

**Trekking :** I love trekking because it makes me genuinely happy. After constantly being surrounded by technology, reconnecting with nature feels refreshing. It calms the mind, helps me appreciate the slowness of life, and at the same time, makes me feel truly alive. I have trekked alot of peaks in kashmir to name a few like kolohai , mahadev and covered alpine lakes like tarsar marsar , dumail , etc.
